# Final Plat Application Process

## **Subdivision Final Plat**

---

This section of the Development Packet consists of information for Subdivision Final Plats, excluding Replats, Amending Plats, and Minor Plat applications.

The purpose of a Final Plat is to allow for a review by Planning and Development Services of the proposal's street and drainage stems, easement, utilities, building lots and other lots including parkland, and to establish an approved, legally recordable plat of the proposed subdivision or addition.

The Applicant shall submit a Final Plat application to PDS for approval by the PDS Director. The Final Plat shall conform to the approved Preliminary Plat. If the Final Plat does not include the entire parcel of land included in the approved Preliminary Plat, the Final Plat must correspond to the phasing approved with the Preliminary Plat. If the Preliminary Plat was approved with conditions, all conditions shall be satisfied prior to the submittal of a Final Plat application.

If the Final Plat does not conform to the approved Preliminary Plan, a new or revised Preliminary Plat shall be submitted in conjunction with the Final Plat.

If the proposed subdivision is outside City Limits and annexation is not proposed, please review the Platting in the ETJ Chapter for additional County requirements.

### **Final Plat Review Process**

An application is submitted via the [Round Rock Permit Portal](#) on the [Official Filing Date](#) and reviewed for completeness (see attached Final Plat Application Requirements). If the application is determined to be complete, it is distributed for technical and content review (see attached Final Plat Content). Comments generated during that review are forwarded to the Applicant within 10 calendar days.

The Applicant typically has 1 week to respond to comments. After the Applicant has completed the requested modifications or otherwise addressed review comments, an updated plat, and supporting materials shall be submitted to PDS for distribution and review. If all review comments have been satisfied, staff shall recommend that the Planning and Development Services Director ("Director") approve the application. Final Plats do not require subsequent City Council approval.

PDS staff will notify the Applicant of the Director's approval. If an application was conditionally approved, the Applicant shall correct the plat submitted with the response to comments.

Any conditions of application approval and/or corrections to the Final Plat must be satisfied prior to recordation.

An approved Final Plat shall expire two years from the Director's approval date if it has not been recorded.

## **Application Deadlines**

Applications for Final Plats may be submitted to City Staff on the submittal days specified by the schedule adopted by the Planning and Zoning Commission, which reflects state statutory approval requirements.

Review cycles usually begin on the 1<sup>st</sup> and 3<sup>rd</sup> Tuesday of each month. A Planning and Zoning Commission Submittal and Meeting Schedule is included in this chapter and is available online at <https://www.roundrocktexas.gov/city-departments/planning-and-development-services/pz-meeting-schedule/>

Before submitting an application, the Applicant shall verify the deadline for filing an application with PDS.

## **Zoning and Development Code Standards**

This section of the Development Packet is intended to assist the Applicant in preparing a formal application. It does not replace the requirements found in Code Of Ordinances, City of Round Rock, Part III, Zoning and Development Code, 2018, as amended. Please review applicable chapters of the Code of Ordinances and adopted Standards prior to application submittal.

The Zoning and Development Code is available online at:

[https://library.municode.com/tx/round\\_rock/codes/code\\_of\\_ordinances?nodeId=PTIIIZODECO](https://library.municode.com/tx/round_rock/codes/code_of_ordinances?nodeId=PTIIIZODECO)

The Design and Construction Standards (DACS) are available online at:

<https://www.roundrocktexas.gov/departments/transportation/dacs/>

## **Presubmittal Meeting**

A Presubmittal Meeting is not required prior to submitting a Final Plat application, provided a presubmittal was conducted at a prior stage in the platting process. If none was held, the Applicant must schedule a Presubmittal meeting with PDS to discuss the proposed development. More information about scheduling a Presubmittal meeting can be found on the next page.

## Pre-submittal Meeting Request

The pre-submittal meeting is an opportunity for the applicant to discuss all aspects of a proposed development project (annexation, zoning, platting, site development, subdivision improvement, etc.) with city staff and to ask any questions about items that may be critical to the project's feasibility. Staff will explain the city's requirements, identify what additional studies or analyses may be necessary, and outline the process necessary to receive approval. **A pre-submittal meeting is required before any applications may be submitted.**

At this meeting a Case Manager will be assigned to the project. The Case Manager is a resource for the developer's team and will be a single, accessible point of contact throughout the development process. The developer and/or the developer's agent, (e.g. engineer, architect, etc.) needs to be at the meeting and must be prepared to present a basic layout or description of the proposed development.

Visit the [Round Rock Permit Portal](#) to submit a pre-submittal meeting request. Contact Planning & Development Services staff with any questions at 512-218-5428 or [PDSIntake@roundrocktexas.gov](mailto:PDSIntake@roundrocktexas.gov).

## Meeting Minutes

Following the pre-submittal meeting, staff will distribute a detailed set of minutes. The purpose of the minutes is to document any decisions and/or direction staff has given the applicant. The Case Manager will email the meeting minutes to the attendees approximately two weeks after the meeting. Upon receipt, the applicant is encouraged to review the minutes to ensure all important information has been documented, and to ensure there have been no misrepresentations. If there has been a miscommunication or an important item is missing, please contact the Case Manager who provided the minutes and he/she will review the matter. The minutes will be binding for six (6) months after the date of the meeting and for the life of the permit, if a permit is issued and does not expire.

***The pre-submittal meeting does not constitute a City review for the purposes of approval or permit issuance. Upon submittal of the appropriate applications, comments may be issued on items that were not discussed at the meeting. The date of the meeting shall not be construed as the submittal date for an application.***
