PLANTS VARIETIES AND QUANTITIES SUBJECT TO CHANGE DUE TO AVAILABILITY

PINK AUTUMN SAGE
Salvia greggii

Plant Type	Perennial	Bloom Time	Spring, Summer, Fall
Mature Height	2-3'	Character	Semi-evergreen
Plant Spread	2-3'	Light Requirement	Full Sun to Part Shade
Flower Color	Pink	Water Requirement	Low

Description A semi-evergreen Texas native shrub planted for its colorful and long blooming soft pink flowers that attract hummingbirds and pollinators alike. It's extremely heat and drought tolerant. The nativar 'pink' is one of our favorites producing dense flushes of deep, pink-colored blooms.

GULF MUHLY
Muhlenbergia capillaris

Plant Type	Ornamental Grass	Bloom Time	Fall
Mature Height	1.5-3'	Character	Deciduous
Plant Spread	3'	Light Requirement	Full Sun to Part Shade
Flower Color	Pink Plume	Water Requirement	Low

Description This Texas native ornamental grass produces large airy multi-branched red to pink seed heads that are strikingly beautiful. A great way to add movement to the landscape.

RATTLESNAKE MASTER
Eryngium yuccifolium

Plant Type	Perennial	Bloom Time	Spring, Summer, Fall
Mature Height	3-5'	Character	Evergreen
Plant Spread	2-3'	Light Requirement	Full Sun
Flower Color	White	Water Requirement	Low

Description Often hard to find in nurseries, this striking native perennial is a bit of an enigma with its unusual yucca-like foliage and showy white thistle-like blooms. Spring, summer and fall this tough Texas native provides a striking show for both people and pollinators.

TEXAS PRIMROSE
Oenothera berlandieri ssp. pinifolius

Plant Type	Perennial	Bloom Time	Spring to Summer
Mature Height	1'	Character	Deciduous
Plant Spread	2-3'	Light Requirement	Full Sun to Part Shade
Flower Color	Yellow	Water Requirement	Low

Description Texas Primrose enchants with delicate, long-blooming bright yellow flowers. It forms a low-growing, spreading ground cover that is both exceptionally heat and drought-tolerant, while providing valuable nectar for pollinators, ideal for sustainable and resilient landscapes.

TEXAS ROCK ROSE
Pavonia lasiopetala

Plant Type	Perennial	Bloom Time	Spring, Summer, Fall
Mature Height	3'	Character	Semi-evergreen
Plant Spread	3'	Light Requirement	Full Sun to Part Shade
Flower Color	Pink	Water Requirement	Low

Description This heat and drought tolerant native shrubby perennial produces dense miniature pink colored hibiscus-like flowers from spring through fall which can be frequented by a number of pollinators. When this plant is happy, its truly a show-stopper with dense blooms that last throughout the season!

WRIGHT'S SKULLCAP
Scutellaria wrightii

Plant Type	Perennial	Bloom Time	Spring, Summer, Fall
Mature Height	1'	Character	Evergreen
Plant Spread	1-2'	Light Requirement	Full Sun
Flower Color	Purple	Water Requirement	Low

Description A low-growing evergreen perennial that is covered in small purple blooms spring through summer and sometimes into fall. Bees and butterflies will often frequent this tough showy Texas native.

'HENRY DUELBERG' SALVIA
Salvia farinacea 'Henry Duelberg'

Plant Type	Perennial	Bloom Time	Spring, Summer, Fall
Mature Height	2-3'	Character	Deciduous
Plant Spread	2-3'	Light Requirement	Full Sun to Part Shade
Flower Color	Purple	Water Requirement	Low
Description	'Henry Duelberg' produces highly ornamental upright spikes of dark blue flowers that bloom spring to fall. This nativar is a reliable drought tolerant perennial and has become somewhat of an industry standard for its super showy blooms, adored by gardeners and pollinators alike.		

ZEXMENIA
Wedelia acapulcensis var. hispida

Plant Type	Perennial	Bloom Time	Spring, Summer, Fall
Mature Height	2'	Character	Semi-evergreen
Plant Spread	2'	Light Requirement	Full Sun to Part Shade
Flower Color	Yellow	Water Requirement	Low
Description	A native perennial planted for a dense canopy of showy, mounding yellow flowers. Zemenia is so easy to grow it is also referred to as a "miracle plant" because of its versatility, cold and drought tolerance and long booming period.		

GREGG'S MISTFLOWER
Conoclinium greggii

Plant Type	Perennial	Bloom Time	Summer, Fall
Mature Height	1-2'	Character	Deciduous
Plant Spread	2-3'	Light Requirement	Full Sun to Part Shade
Flower Color	Blue	Water Requirement	Low
Description	If you were to choose one plant for attracting butterflies and native pollinators, Gregg's mistflower is hard to beat! Summer through fall powdery blue flower clusters almost completely cover the tops of its lacy green foliage. It is so adaptable and easy to grow, it often forms a tall groundcover which works as a virtual stop sign for fall migrating Monarchs.		

Black-eyed Susan 'Indian Summer' Rudbeckia hirta

Plant Type	Perennial	Bloom Time	Summer, Fall
Mature Height	2-3'	Character	Deciduous
Plant Spread	1-2'	Light Requirement	Full Sun
Flower Color	Yellow	Water Requirement	Low

Description Black-eyed Susan dazzles with its vibrant golden-yellow blooms and contrasting dark centers, creating a striking ornamental display. As a Texas native, it thrives in harsh climates, offering exceptional adaptability and minimal care, while attracting and providing resources for bees, butterflies, and birds.
